### Our History

From a single promise of quality in 1963 to becoming Pakistan's most trusted name in sleep solutions, MoltyFoam has always put comfort first. Our research and testing laboratories uphold the highest standards of excellence and our focus has always been on keeping our customers smiling, driving us to innovate and expand our product range.

### Our Promise to You

MoltyFoam has been redefining sleep and transforming homes since 1963. We are committed to creating a better everyday life by offering technology-driven innovations. As the only manufacturer of 100% 'Asli' Foam, we proudly lead the industry. As a partner of the Sleep Research Foundation, we are dedicated to advancing sleep research and providing ground-breaking solutions. Our promise is to deliver the highest quality sleep and healthcare products for you and your family.

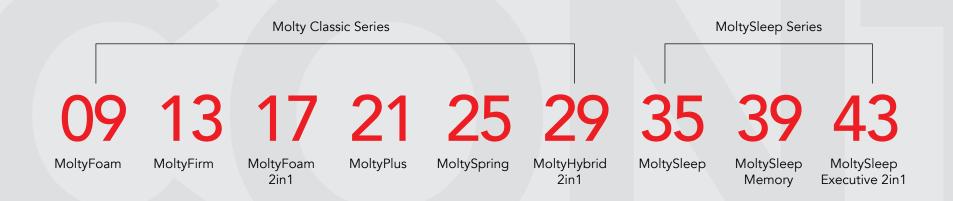

#### About Us

Since 1963, MoltyFoam has been a trusted name in bedding, furniture, and healthcare, delivering unmatched quality, comfort, and innovation. With a focus on customer satisfaction, we continuously innovate to enhance everyday living.

From transforming houses into homes to redefining sound sleep, MoltyFoam has been at the forefront of creating comfort and care for generations. As the proud manufacturer of 100% Pure 'Asli' Foam, we offer Pakistan's most comprehensive range of sleep and healthcare solutions, meeting international standards.

Beyond comfort, we believe in creating cherished family moments and lasting connections. As a partner of the Sleep Research Foundation, we are committed to delivering groundbreaking solutions that improve lives. At MoltyFoam, we take pride in building

#### **Bonds that Last Forever**

## Classic Series

### How to take care of your mattress

#### **Use a Mattress Protector**

Invest in a waterproof mattress protector to safeguard your mattress from spills, stains, and allergens.

#### **Rotate Your Mattress Regularly**

Rotate your mattress every 3-6 months to ensure longevity. If it's double-sided, flip it as well.

#### **Clean Your Mattress Periodically**

Vacuum your mattress every few months to remove dust, dirt, and allergens. For stains, use a mild detergent and water. Avoid soaking the mattress.

#### **Air Out Your Mattress**

Exposure to fresh air helps eliminate trapped odors and moisture.

#### Keep It Dry

Protect your mattress from excess moisture to prevent mold growth.

#### Replace Bedding Regularly

Wash bed linens weekly to reduce dust mites and allergens.
